Tooth Bars

Made with 1/2" X 4" cutting edge. Thick pre-drilled steel sent with every tooth bar, welded onto a bucket brings added protection & keeps holes from reaming out.

This attachment turns a smooth bucket into a tooth bucket in a matter of minutes. It gives the conveniences of 2 buckets in one.

Bucket Grapple

1/4" Wrap bucket with front & top protection plates with 3" OD pipe 1/4" wall for added ram protection to keep debris out of cylinder rams. Covered, repackable cylinders, enclosed hoses & new style flat face couplings, counter-sunk grease fittings, and double cylinders that will work independently.

Concrete Bucket

3/16" Wrap with no side seams, 30 1/2" deep & 24" wide, and a 15" wide spout that is 45 1/2" long. Great for carrying concrete, filling feeders, moving gravel, dirt, or any material you want to move with precision pouring.

Item#: 1050
Weight: 625 lbs

Turkey Litter Bucket

41.5" deep, 3/16" wrap with 3/4" x 6" cutting edge. Bracing on inside & outside of bucket for added protective bracing and 6 bottom wire strips 1/2" x 3" for added protection against normal wear & tear. Plenty of volume to move litter, chips, or any other light material without the added weight on your machine.

Item#: 84" - 1065 96" - 1066
Weight: 84" - 625 lbs 96" - 870 lbs

Snow & Litter Bucket

36" deep bucket with 3/4" x 6" cutting edge. High sides, added back braces for durability, & 1/2" wear strips for added protection

Size	Item #	Weight
78"	1074	690 lbs
80"	1075	710 lbs
90"	1076	800 lbs
96"	1077	920 lbs

Stump Bucket

3/16" Wrap, 33.5" deep, 3/4" x 6" cutting edge with 3 large pin-on teeth, and angled toward front to keep dirt from "sticking". Added back & side braces for durability. Great for stump removal or transplanting shrubs or trees.

Item#: 1080
Weight: 279 lbs

Stump Grapple

3/4" x 6" cutting edge, counter-sunk grease fittings, with 4 large pin-on teeth, parker hose and new style flat face couplers and covered repackable cylinder. Protection plates on top & front of grapple, 1/2" gussets all around for added strength and durability. Dig out & remove stumps when you add a grapple.

Item#: 1081
Weight: 490 lbs

Extreme Stump Bucket

57" deep with 1" x 8" cutting edge and 3 large replaceable teeth. Has surrogated sides to help break loose roots and other debris for easier & faster removal

Item#: 1080x
Weight: 625 lbs

Extreme Stump Grapple

57" deep, 1" x 8" cutting edge, surrogated sides, repackable cylinder, counter-sunk grease fittings, and 3 large replaceable teeth. Comes complete with hose, flat face couplings,

Item#: 1081x

Weight: 850 lbs

Light Duty Root Grapple

Move around brush and debris in half the time as you could manually. We designed this attachment so you guys with the smaller skid steers or tractors wouldn't feel left out! This is ideal for smaller skid steers or 40hp or less tractors with the skid steer universal attachments! Move your brush or debris in half the time, and move it with ease. Once you use it you'll find jobs everywhere on your property just to see it in action again and again!

Item#: 48" - 1090 60" - 1091

Weight: 48" - 385 lbs 60" - 425 lbs

Heavy Duty Root Grapple

Our Root Grapples are great for cutting that job in half, whatever it is, from moving logs, brush, debris, or trees. Also great for disaster clean up from tornadoes, floods, or earthquakes.

Size	Item #	Weight:
60"	1100	770 lbs
66"	1101	826 lbs
72"	1102	870 lbs
78"	1103	886 lbs
84"	1104	920 lbs
96"	1105	1067 lbs

Deep Penetrating Root Grapple

This is the perfect attachment for those deep, hard to get roots or you have large trees to move. Has shielded cylinders for debris protection and gusseted tips to help prevent tine damage. Comes complete with hoses and couplers. **MADE TO ORDER**

Size	Item #	Weight:
60"	1120	770 lbs
66"	1121	826 lbs

78"	1123	886 lbs
84"	1124	920 lbs
96"	1125	1067 lbs

Gator Grapple

Our gator grapple promises full size performance in a compact size! This attachment is great for smaller projects where you need the power of a full sized rake compacted into a mini size either for mobility space or just lifting capacity on your machine. It's great for moving brush, debris, logs, trees, stumps, old lumber; anything you need to get done this can do it!

Item#: 1147

Weight: 470 lbs

Spacer Tines

Perfect for sifting smaller debris.

Welded in-between every bottom tine to capture the larger debris while allowing smaller debris to sift through. This helps keep your machine's liftable weight capacity at its maximum ability. Spacers are 2" wide, 1/2" thick centered between each bottom tine. **SPACER TINES ARE PERMANENT, NON-REMOVABLE**

Heavy Duty Brush Grapple

Made from 1/2" first quality steel. Also includes smooth tips to help penetrate deeper, gusseted tips to help prevent tine damage, reparable cylinders, and counter sunk grease fittings. Comes complete with hoses and couplers.

Size	Item #	Weight:
60"	1128	860 lbs
66"	1129	920 lbs
72"	1130	996 lbs
78"	1131	1064 lbs
84"	1132	1224 lbs
96"	1133	1520 lbs

Heavy Duty Rock Bucket

Made with 3/4" x 6" cutting edge, 3" bottom tine spacing and has a solid back and sides to keep the dust and debris from falling back onto you & your machine. Optional Teeth (shown)

Smooth			Teeth

78"	1144	920 lbs
84"	1145	945 lbs
96"	1146	1067 lbs

Stacking Rake

Made with 1/2" first quality steel. This is the perfect tool for high stacking applications. Included top protection plate to keep more debris from coming back on you or your machine.

MADE TO ORDER

Item#: 66" - 1126 72" - 1127
 Weight: 66" - 660 lbs 72" - 740 lbs

Root Rake

Our Root Rake is built out of 1/2" top quality steel. Are you tired of burn piles burning for days and days because of all the dirt, mud, rocks and unnecessary debris that gets caught in the pushing process? With our root rake now you can roll the brush into one big pile and burn away the waste. You can also use it to rip up the roots of those trees you've been wanting gone. We put our tines approx. 6" apart, with gussets on every tine for extra support.

Size	Item #	Weight:
60"	1020	770 lbs
66"	1021	826 lbs
72"	1022	870 lbs
84"	1024	920 lbs

48" Pallet Forks

Our 48" Pallet Forks is a universal Skid Steer Loader Attachment that works with all standard and Bobcat style attach systems.

Item#: 1161
Weight: 425 lbs

Heavy Duty Fork Grapple

Our Fork Grapple is great for moving brush, logs, debris and pretty much anything else you need to transplant or move! With 3 way adjustability you can move small pallets or larger ones!

Item#: 1164
Weight: 525 lbs

3 Point Hitch

This will save you time by allowing you to interchange tractor implements for use on a skid steer. Durable construction allows most tractor implements to be interchanged without changing the actual attachment hook-up.

Item#: 1169
Weight: 118 lbs

Quick Hitch

Simple, yet durable. The quick hitch is the fastest way to move trailers around without hooking to a truck. Great for boat or trailer yards to move the product in half the time.

Compatible with 2" Reese hitch & ball (not included)

Item#: 1170

Weight: 118 lbs

Hay Spear

Lifting capacity of 2200 pounds, 1 1/4" solid round rod. This attachment is perfect for moving square hay bales with ease. Spear is 42" and is designed for easier penetration and removal.

Item#: 1171

Weight: 215 lbs

High Back Hay Spear

Made with the same durability of the regular hay spear, with an added frame for the larger round bales of hay

Item#: 1173

Weight: 245 lbs

Tree Boom

Our Tree Booms are great for transplanting or moving trees, shrubs, bushes. Great for lifting motors, bundled debris or anything you need moved. As a bonus it comes with a receiver hitch so you can slide in your Reese hitch and move trailers, boats or anything that needs to be moved around!

Item#: 1174

Weight: 278 lbs

**Backhoe Boom**

1/4" bucket wrap with 3/4" x 6" cutting edge. Our Backhoe has a 7 foot dig depth, with three large replaceable teeth. Comes with your choice of 8", 12", or 16" bucket.

Item#: 1175
Weight: 729 lbs

**Wood Splitter**

No More Blisters!

This attachment is made with 8 inch I-Beam and a 12" wedge, the cylinder has a 5" bore with a 30" stroke, all couplings and hoses included.

Item#: 1176
Weight: 638 lbs

**Land Plane**

Front & back has 3/4" x 6" cutting edge and an angle of 2 1/2" x 2 1/2" x 1/4" thick.

Now you can level gravel driveways or spread loose dirt in gardens in a snap.

Size	Item #	Weight
66"	1177	456 lbs
72"	1178	465 lbs
78"	1179	500 lbs
84"	1180	518 lbs

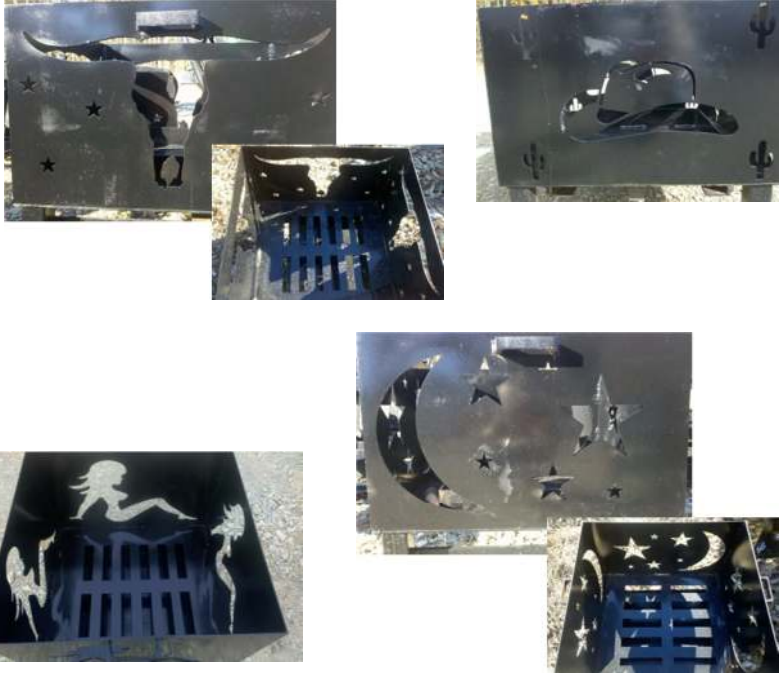

**Snow Plow**

3/16" wrap with 8" x 1/2" reversible steel edge or optional 6" x 1" reversible rubber edge. Spring loaded, angles left & right, and automatic trip.

Item#: Steel Edge - 1181 Weight - 896
Rubber Edge - 1182 Weight - 896
